## THE YACHT OWNER'S KIT

### Start here

Five documents, written from the way Marine HQ crews look after the motor yachts we manage. This page says what each one is for and when to reach for it.

#### WHAT IS IN THE KIT

- 1 Owner Checklists**  
Pre-Departure, Stand Down and Wash-Down: the three routines our crews run on every yacht we manage.  
**WHEN** Every trip, and every wash. Print, laminate and keep them aboard.
- 2 Annual Haul-Out Checklist**  
Everything that should happen while she is out of the water, in the order the yard works through it.  
**WHEN** Once a year. Send it to the yard with your request for a quote, then tick it off on the hardstand.
- 3 Pre-Launch and Sea Trial Checklists**  
What to check before the lift lets her go after a haul-out, and the sea trial form our crews use: hours, systems, performance readings and an action list.  
**WHEN** Relaunch day, after major work, or before you buy. Stay in the slings until the pre-launch list is done; run the sea trial before she goes home.
- 4 Running Cost Calculator**  
A spreadsheet that works out what she costs a year, a month and a day you use her, and prices a passage.  
**WHEN** Now, with your own figures, and again whenever a quote or a renewal changes a number.
- 5 Scheduled Maintenance Programme**  
What to do and how often: 121 maintenance tasks, grouped by system and by how often they fall due.  
**WHEN** Fortnightly, monthly and annually. Work down the fortnightly list first; it is the one that keeps a yacht right.

#### A YEAR WITH THE KIT

|                                |                                                                                            |
|--------------------------------|--------------------------------------------------------------------------------------------|
| <b>This week</b>               | Open the calculator and put your own berth, insurance and fuel figures in.                 |
| <b>Every trip</b>              | Pre-Departure before you let go. Stand Down when you are back in the berth.                |
| <b>Every fortnight</b>         | Wash-Down, then the fortnightly list in the maintenance programme.                         |
| <b>Every month and quarter</b> | The monthly and quarterly lists. Diarise them once and they stop being forgotten.          |
| <b>Once a year</b>             | The haul-out checklist, sent to the yard before you ask for a quote.                       |
| <b>Relaunch day</b>            | Pre-Launch in the slings before the lift lets go, then the sea trial before she goes home. |
